Search #12-69 – Programmer Analyst

The University of New Haven is seeking an entry to mid-level Programmer Analyst to join the Office of Information Technology in its ongoing implementation and support of the Banner Student Information System. This position will serve as a key member of the Enterprise Applications team performing various implementation, programming and maintenance tasks within the Banner suite of modules. The Programmer Analyst will develop interfaces between external systems and Banner, meet with end users to assess business needs and requirements, and develop reports, key performance indicators and dashboards from Banner data.

Requirements: Bachelor's Degree in Computer Science, Information Systems, or related field; 3 years of programming experience may be considered in lieu of degree. Experience with Oracle, PL/SQL, SQL Server, Java, .NET, Web Programming, XML. Prior technical/programming experience with the Banner Student Information System, specifically the Student module is highly desirable. Excellent communication and interpersonal skills is a must. Experience with Banner Workflow, Banner ODS and Argos reporting is desired.

Qualified applicants should submit a cover letter, salary requirements, resume, and three professional references via email to hrdept@newhaven.edu
