Suspicious Activity (Voyeurism) on Campus

UNHPD SECURITY ADVISORY

Please be advised that during the fall semester, the campus community experienced a complaint regarding a Voyeurism incident that took place in the Marvin K. Peterson Library.

The incident, which occurred on 10/28/2014, involved the pictured individual taking photographs of a student without the student’s consent or knowledge. Although we have utilized several means of communication with various law enforcement organizations, we have been unable to identify the individual.

Other than the original incident we have not received any further complaints regarding this individual but would like to remain proactive in our efforts to keep the University of New Haven Campus a safe place for all students, staff and visitors.

We ask that if anyone recognizes or sees this individual, to please contact UNH Police immediately at 203-932-7014.

As always, we are asking the campus community to be vigilant and report any suspicious activity on campus to campus police.
