**University of New Haven  
Non-Tenure Track Faculty Member, Department of Allied Health  
Clinical Coordinator, Medical Laboratory Science  
Search #20-28F**

The Department of Allied Health in the School of Health Sciences at the University of New Haven is seeking to hire a Non-Tenure Track faculty member as a Clinical Coordinator for the BS in Medical Laboratory Science program. This is a position to be filled for Fall 2021.

The BS in Medical Laboratory Science program was founded in 2019 in response to the incredible local and national demand for medical technologists. The program is anticipated to grow considerably in the coming years with cohorts of 10-15 students per year. The program operates in collaboration with multiple local health systems in Connecticut for clinicals and training. The program is currently pursuing NAACLS accreditation and aims to be accredited following the graduation of its first class.

The University of New Haven School of Health Sciences trains competent, caring health professionals by delivering innovative, interdisciplinary healthcare education and services that are student-centered, focused on excellence, with a global reach. The School aims to be a regional destination and nationally recognized leader for healthcare education and services at the forefront of healthcare for the 21<sup>st</sup> century. The School of Health Sciences is comprised of seven undergraduate and three graduate programs offered on its West Haven, Connecticut campus. The School's faculty include 55 full-time and clinical faculty, an on-campus Dental Center and Health Sciences Simulation Laboratories.

The University of New Haven School of Health Sciences is one of the most progressive health science schools in the US for its approach to integrate all health professionals—from technicians to physicians—in an interdisciplinary, interprofessional educational experience focused on its three primary pillars: prevention, professional ethics, and health technology. The School has embarked upon a 10-year plan of launching one new academic program each year for the next 10 years. This includes the creation of a market competitive health sciences core curriculum, the creation of innovative dual admission programs, and the creation of new clinical and non-clinical health programs in public health, digital health, athletic training, rehabilitation sciences and more. The School of Health Sciences has strong relationships with multiple health systems in the southern New England region that provide ample opportunities for research, community partnerships, and other collaborations.

The University of New Haven's School of Health Sciences is one of first schools in the United States to pursue higher education certification from Planetree International. The partnership between the School of Health Sciences and Planetree International represents an unprecedented opportunity to develop and grow a health professions educational experience from the ground up with a person-centered care approach in mind.

**Specific Duties:**

- Oversee students during their clinical rotations

- Serve as the clinical liaison with each clinical site
- Assist the Program Director with the coordination of student clinical matching and placement
- Advise and mentor students in the School of Health Sciences, specifically Medical Laboratory Science majors
- Serve on departmental, college and university level committees
- Assist with the operations, recruitment, and curriculum for the program
- Develop relationships with local organizations and partners for clinical experiences for MLS students
- Serve as Coordinator for the annual ASCP Board of Registry certification review
- Other projects as assigned utilizing resources to effectively meet the learning needs of students as required by certification and accreditation standards

Minimum Qualifications:

- BS degree, 3 years of recent clinical experience and generalist MLS (ASCP) or equivalent certification
- Demonstrated teaching at the undergraduate level
- Experience advising, mentoring or coaching students or peers
- Experience teaching in accredited programs

Preferred Qualifications:

- MS/ PhD with a minimum of 3 years recent clinical experience and a generalist certification as MLS (ASCP)
- Previous NAACLS Accreditation experience

Employment is contingent upon successfully passing a background investigation. The hiring salary for this position is dependent upon qualifications and departmental equity.

The University of New Haven is committed to diversity and inclusion in higher education. The University seeks candidates whose teaching, research and/or service has prepared them to contribute diversity and inclusion in our academic community. Applicants are asked to submit a diversity and inclusion statement explaining how their teaching, scholarship and/or service, contributes to building and supporting diverse and inclusive communities.

Interested candidates should submit a current *curriculum vitae*, a cover letter including teaching philosophy, recent teaching evaluations, a diversity and inclusion statement and contact information for at least three professional references to [Interfolio](#).
