

PARAMEDICINE

Welcome to the School of Health Sciences! For your first semester as a Paramedicine student, our Center for Student Success team will register you for classes based on the results of your placement exams and a brief pre-registration survey in your Road Map. (In subsequent semesters, you will register yourself for classes after consultation with an advisor.) While we can't promise that the timing of your courses will be exactly what you want, we will do our best to arrange your classes to fit your schedule.

There are two distinct paths that Paramedicine students could take during their first semester. Each depends on whether or not you have already obtained your Connecticut or National Registry Emergency Medical Technician Certification.

*Please Note: If your Emergency Medical Technician Certification is from another state you can apply for **Connecticut Certification**.*

IF YOU CURRENTLY DO NOT HAVE YOUR CT OR NATIONAL REGISTRY EMT CERTIFICATION

ENGL - English *The exact English course that you will take your first semester is based on your standardized test scores or the results of your English placement exam.

-OR-

UNIV 1141- Life on Earth

THEN:

MATH 1104 - Quantitative Reasoning

BIOL 1121/1123 - General and Human Biology with Lab

PARA/FIRE 1175 - Emergency Medical Technician I

CORE - You will choose your preferences for core curriculum course(s) in the short pre-registration survey in your Road Map under the Registration Step.

IF YOU CURRENTLY HAVE YOUR CT OR NATIONAL REGISTRY EMT CERTIFICATION
