Milford Hospital, Milford	876-4000

PAYMENT:

All full time students are covered by an accident and sickness medical insurance plan through Bollinger Insurance (First Health Network). All illnesses or injuries must be referred by Health Services to be eligible for benefits. If an illness or injury occurs when Health Services is closed or if the student is away from school, it is absolutely essential that the student notify Health Services or the claim will not be paid. All medical services (physicians, labs, walk-ins, etc.) have their own policy for payment and may require 100% payment at the time of service. Please read your insurance brochure carefully. Brochures are available in Health Services.

Please be reminded that school insurance is considered secondary insurance. If students have their own insurance or are still covered under their parents’ policy, billing must go through that insurance first.

TRANSPORTATION:

Transportation to any of the walk-in services is the responsibility of the student. You may utilize private car, Connecticut Transit (public bus), or taxi cab (777-7777). If an ambulance is necessary for the transport due to severity of an illness or injury, you must go to a hospital or emergency room, such as Yale-New Haven Hospital or St. Raphael’s Hospital. University Police will not transport any student for medical attention.

EMPLOYEES ONLY:

Please report any accident/incident to Human Resources. If medical care is required, refer to:

Concentra
370 James St. Suite 304
New Haven ,CT 06513
