  - ☐ **You must provide** a copy of your driver's license or other photo identification to be included in your patient chart.
  - ☐ **Sign the HIPAA Release Form** included in this packet, which will allow Heath Services staff to obtain your medical records in the event you need follow-up care.

HEALTH EXAMINATION REPORT

It is mandatory that all students entering the University of New Haven have a completed Health Examination Report on file, thus enabling the Health Services staff to render optimum health care when needed.

In the past several years, outbreaks of vaccine-preventable diseases on college campuses throughout the United States have resulted in many lost school days, severe complications from the diseases, anxieties for students and their parents, and large expenditures of monies to contain these outbreaks. Compliance by each student with the pre-entrance immunization policy at the University of New Haven protects the student and the general college community.

All students are required to complete the health examination report prior to the beginning of classes in the initial term of enrollment.

Pages 1, 2, 3, 6 and 7 should be completed by student prior to being examined by the clinician. Pages 4 and 5 are for the clinician to complete.

Entering term: ☐ Fall 20___ ☐ Spring 20___ ☐ Summer 20____ (grad students only)
